10805 Camarillo St. #1, North Hollywood, CA 91602

## **EXPERIENCE:**

### **Freelance Web Developer**

**Los Angeles, CA**

*Front-End Web Developer*

Jan 2016 - Present

- Active freelance web designer and developer. Coded responsive websites for local clients in my community, as well as assisting with bug fixes and pre-existing designs.
- Skills: HTML5, CSS3, Sass/Scss, Vanilla Javascript, Bootstrap, Angular, React, Redux, GraphQL, Apollo, NPM, Express, Wordpress, Git, and Github.

### **D n A Entertainment Services, Inc.**

**Los Angeles, CA**

*Operations Manager*

July 2010 - Sept. 2018

- Manage all company logistics and business operations on a daily basis.
- Supervise all warehouse employees, overseeing hiring, training, and delegation for operational deadlines.
- Produce and negotiate equipment proposals for production and tour managers for many of the industry's top artists.
- Handle all business transactions including invoices and contract agreements.
- Administer all P&L responsibilities for the company, personally restructuring operations to shave 9% of annual costs.
- Engineered a new warehouse inventory label system, and restructured the company's employee shift policies to improve efficiency and cut costs.
- Renegotiated with new backline vendors to save 50% annually by ensuring lower sub-rental rates.
- Developed standards of performance (SOPs) to ensure warehouse personnel are working toward established company goals.
- Ensure all OSHA Law & Regulations are being met by upper management and staff.

### **SwingHouse Studios**

**Los Angeles, CA**

*Live Sound Engineer*

June 2009 - July 2010

- Directed set up of sophisticated audio, video and lighting systems for large corporate events, rehearsals, concerts and private events.
- Provided nationwide transport of audio, video and lighting systems between venues.
- Personally set up and tuned all operated equipment, such as microphones, mixers and control consoles, performing repairs and upgrades as needed.
- Mixed live audio during performances using a SoundCraft Vi6/Vi4 sound console.
- Synchronized and equalized prerecorded dialog, music and sound effects using control console.

## **EDUCATION:**

Musicians Institute: Hollywood, CA

A.A. - June 2009

**SKILLS/INTERESTS:**

- Efficiency in Intuit Quickbooks, MS Office, Google Suite, and FileMaker Pro.
- Deep Knowledge of Protocols and Logic Pro X.
- Professional guitarist with 15 years of experience.
